

I do NOT want K-LOVE replaced by a LPFM station. In El Dorado Springs we do not have quality local programming. K-LOVE provides high quality Christian programming that we have never had in the past. Myself and many others depend on K-LOVE for quality Christian programming and would object to it being replaced. It provides my children with safe, alternative music they really enjoy. K-LOVE is probably has the best influence on youth of any station I know of. I would be greatly displeased if we were to lose K-LOVE and so would my entire family.
